

MEET IMPACT STORIES

#2. Timely support from MEET survived a girl and aided well-being of her family

The Case

In an unnerving narrative, an 18-year-old girl hailing from Kandivali found herself grappling with a myriad of health issues, compounded by emotional distress stemming from familial challenges. With her father's departure and her mother's occupation as a domestic worker, the burden of medical care loomed large. MEET swiftly facilitated her admission to Shatabdi Hospital, Kandivali and assumed responsibility for her comprehensive medical treatment. The Foundation continued its steadfast support throughout her recovery and until the family achieved financial autonomy.

The Outcome

Today, the resilient young woman stands on her own feet, actively shoulders responsibility of her family's well-being.

A timely support from MEET aided the well-being of family...

Are you touched by the real story of a deserving family?

At MEET India Foundation, we encounter many such cases of patients from the under-privileged society who suffer from various diseases and are in dire need of medical help. Please collaborate with us to reach out them and change their lives for the better.

Donations are eligible for deduction under section 80G of the Income Tax Act as well as registered under CSR -1 with the Ministry of Corporate Affairs.

MISSION PAY BACK

It is every person's obligation to put back into the world at least equivalent of what he /she takes out of it.

- Albert Einstein
